

# 1st Team Nurse Clinic

## Primary Care Department

Irwin Army Community Hospital

## Fast Track Care For Non-Urgent Conditions

The Nurse Clinic offers more convenient appointment options and more time with the Healthcare Team for patient education and coaching.

The clinic provides basic medical diagnoses and treatments for common conditions or symptoms (age limitations apply):

- Upper respiratory
- Allergy
- Urinary tract
- Sore throat
- Ringworm
- Candida vaginitis
- Conjunctivitis
- Oral thrush
- Diaper rash
- Gastroenteritis

Call **785-239-3627** and ask to make an appointment with the 1st Team Nurse Clinic.

“ My wait time in the 1st Team Nurse Clinic waiting room was basically nonexistent and the nurse who took me to the exam room was with me the entire time. She was very thorough in the questions she asked and extremely communicative in the planned course of action. ”

- The Nurse Clinic operates within evidence-based treatment guidelines and under the supervision of an independently-licensed provider.
- Nurses use approved protocols to ensure patients receive appropriate treatment. If a patient's conditions fall outside the clinic's treatment scope, the patient is seen by an independently-licensed provider.
- Unlike a fast track retail clinic, the 1st Team Nurse Clinic is integrated into a hospital.
